"Suganya was part of our SHG and the jewellery-making course. From day one of the course she was a woman on a mission, learning everything she could. Now she makes a living out of selling jewellery. Suganya is always so self-motivated and a go-getter!"

Empower

“Soon after graduating from our 6-month employment readiness programme, Shenaz took up a part-time job and now is a full-time Sales Advisor. Further, she plays a key role in the administration of our after-school programme. All this at just 21! Shenaz also invited her colleagues to see the work we do and they have now donated a white board for the class and also volunteered to tutor the children.”

Educate

"Despite growing up as an orphan and now married to a man who does not support her in any way, Gunasundari is a strong woman. Her perseverance to achieve something in life and her positivity is quite contagious." Carol Pamela, Blue Edge Co-ordinator Chennai
Ensure

"Farhat is a housekeeping staff in one of our Bangalore hubs. Although she is not educated, she ensured that her daughters and sons attended school. I really admire her as she has taken such good care of her family all by herself after her husband passed away."

Encourage

"Fathima is a 37-year-old mother of two young girls who is on a mission to complete her 10th standard and qualify for a good job. She is so inspiring because she dreams of a greater future irrespective of her current circumstance. Fathima wants her daughters to complete their Teacher Education and aspire to create an identity for themselves."

Enhance Skills and Livelihood

"Pushpanjali is a superwoman! She has 3 children of her own and has adopted a child with an intellectual disability. She attends the tailoring program at our hub, takes care of her mother and her 88-year-old grandmother at home. She often says “As a woman, you should be strong” and encourages other women to be empowered as well."
