In a collaborative effort at Oasis India Bangalore, we joined forces with various
non-governmental organizations and educational institutions to commemorate a 10-day Human Rights week, focusing on diverse thematic areas. This initiative aimed to raise awareness and foster dialogue on crucial human rights issues, engaging in discussions, and events that shed light on topics such as social justice, equality, and individual freedoms and promoting human rights for a more inclusive and just society.

In collaboration with the AIDS Healthcare Foundation and the Rotaract Club of Mumbai Downtown, Oasis India took a significant stride on World AIDS Day. Addressing the pressing issues of STIGMA and SAKHI, a session on HIV and AIDS was conducted, reaching 70 women/mothers in our project. The Clinical and Community Pharmacy cell, along with the Rotaract Club, organized mass testing and presented impactful Nukkad Natak in the 11th, 12th, and 13th lanes.

and ration kits, ensuring a holistic approach to health and well-being. We are honored to receive an Appreciation Certificate for our efforts, a testament to our commitment to community welfare.

HGH staff and tailoring students participated in the Bengaluru Walk-A-Thon 2023, we were part of a whopping 13,000+ participants, including students, volunteers, and corporate teams, who turned this Walkathon into a massive celebration.
The main purpose of this Walk-A-Thon is to highlight the importance of supporting persons with disabilities by embracing inclusion. This is the 17th Walkathon and the theme is for a noble cause - Uniting for "Health for All"
On the occasion of the International Day of Persons with Disabilities, Oasis India takes pride in sharing a heartwarming story of dedication and compassion. Mr. Sendil, a dedicated member of the Oasis India family in Bangalore, has been a beacon of support for visually impaired students during their exams for the past few years.

Mr. Sendil's commitment shines through as he spends hours acting as a scribe for visually impaired students, ensuring they face their exams with confidence. Not only does he read out the questions, but he goes the extra mile by explaining the question types—whether it's a 2-mark, 5-mark, or 10-mark
question.

The process is a beautiful collaboration: the students dictate their answers, and Mr. Sendil transforms their verbal responses into written words on paper. This incredible effort ensures that these resilient students not only participate but excel in their academic journey.

This story exemplifies Oasis India’s commitment to making India better for women and children, fostering an inclusive society that empowers every individual, regardless of their abilities. We salute Mr. Sendil for his unwavering support and the visually impaired students for their determination.

On this International Day of Persons with Disabilities, let’s celebrate stories like these—stories of empathy, understanding, and the power of collaboration. Together, we can create a world where everyone has the opportunity to shine. Thank you for being the change.
Celebrating Dreams on the Field!

December marked a month of excitement and passion as Oasis Academy proudly inaugurated the Soccer Camp cum Launching Football For Life (FFL) at our campus in Guwahati, Assam. During the Soccer Camp from December 4th to 7th we were honored to have Mr. Marcelo, a renowned Brazilian soccer trainer, on board. The four days were unforgettable experiences.

Launching Football For Life (FFL):

Our commitment to nurturing young talents, especially those from marginalized backgrounds, takes a giant leap forward with the launch of Football For Life (FFL). FFL aims to be the stepping stone for aspiring footballers, transforming dreams into reality. This initiative reflects Oasis Academy's dedication to providing opportunities for every child, regardless of their background.
Empowering Futures: Through initiatives like the Soccer Camp and FFL, we are empowering young minds to strive for greatness and break barriers. It is our firm belief that the power of sports can create a brighter future for all.

Oasis Academy, nestled in a serene residential area at Garo Basti, Mairapur, under Kamrup District, Assam, has experienced a blessed first academic year. The school-community relationship fosters a sense of belonging among students, teachers, and parents.
Impact on Marginalized Communities:
Situated on the outskirts of town, many of our students’ parents are illiterate daily wage earners. Oasis Academy has played a pivotal role in transforming lives in the villages, providing increased learning opportunities and creating an inclusive learning environment. Through education, we empower marginalized communities to take the lead in their own lives.

Holistic Development:
Apart from academic flourishing, Oasis Academy impacts the lives of our children by introducing various activities such as the Launching of FFL, Installation of Solar Lighting, Literary Day, etc. We believe in transforming a child to develop all sides of the human personality, revealing their unique abilities. Education at Oasis Academy helps children understand how to choose the right path in this world.

Chennai, the capital of Tamil Nadu, has recently faced the devastating impact of Cyclone Michaung, resulting in widespread flooding, displacement, and distress among the local population. The cyclone has left many families stranded, homes submerged, and communities in need of urgent assistance. The less privileged communities are particularly vulnerable and are struggling to survive.
